NEW ~ CHALK-TALK vinyl! The 'chalkboard' surface lets you write, erase and scribble some more! Works well with regular chalk - just wipe clean with a damp rag. Chalk-talk is a 'self-stick' vinyl that can be re-positioned.* It is safe for walls and other smooth surfaces.

**can be repositioned on wall surfaces but not smoother surfaces such as glass or stainless steel.*

Tip: Look for 'Chalk markers' - a 'dustless' alternative to regular chalk, plus they're great for fine tip writing.

WordPlay Designs can help you create the perfect application for your commercial space. Whether you want to 'jazz- up' your office walls or do some advertising on your vehicle - we can help!

Our products are made with a commercial grade vinyl that is long lasting and suitable for many applications. The glossy color line is a high-grade, strong adhesive that will stand up to outdoor weather conditions. The matte colors have a less-permanent adhesive; suitable for indoor wall applications.

Email us directly or talk with one of our consultants to get started. We will help you with the custom designing and send you proofs of your order.

The perfect solution for office walls, salons, retail stores, schools, libraries, outdoor signs, window and vehicle signage, and much more! Let your work place say 'WOW' with WordPlay Designs.
