multiple panels
of 3 or more.

*Each panel is 22.5" x 52.5". Two panels will reach the height of an 8.5ft ceiling. Measure your wall width to determine how many panels are required to cover your total wall space.
Eg: A 10ft wide wall (144" divided by 22.5" = 5.3 panels to span the width. Then multiply x 2 to cover the wall height. You would need 11 panels to cover a 10ft wide wall.
Note: Calculations are based on a standard 8ft high ceiling. Contact us directly if you require a specialty size or are unsure of how many panels to order.

Squishes, wishes & bedtime kisses

hold him a little longer,
 rock him a little more, tell him
 another story (you've only
 told him four...)
 let him sleep on your shoulder,
 rejoice in his happy smile,
 he will only be this small
 for such a little while.
